Distinct Advantage Filter

When placing a new order, you are able to only show items that are part of the Distinct Advantage formulary (using the checkbox provided).

When this checkbox is ticked, only items included in the formulary will display.

Note: Any Distinct Advantage items are also flagged with a yellow star icon in the Supplier Code field.

The screenshot shows the 'Wholesale' software interface. At the top, there are navigation links for 'Activities' and 'Administration'. Below that, the 'Supplier' is set to 'Centaur' and the 'Site' is 'Esher SA'. A 'Wholesale Admin' button is visible. The main navigation bar includes 'Dashboard', 'View Orders', 'New Order', 'Price Updates', and 'Check Codes'. A search bar contains the text 'meta'. To the right of the search bar, there is a checkbox labeled 'Distinct Advantage' which is checked and highlighted with a red box. Further right, there are dropdown menus for 'Wholesaler Account' (set to 'Primary - S17-1') and 'Ordering Level' (set to 'All'). Below the search bar, there are 'Refresh' and 'Auto Add' buttons. The main table displays a list of items with columns for 'Description', 'Supplier Code', 'Treat Code', 'List Price', 'Size', and 'Wholesaler Message'. The first five rows are highlighted in green. The 'Supplier Code' column contains yellow star icons next to the codes. The table footer shows 'Page 1 of 1' and 'Displaying 1 - 47 of 47'.
